

Goddard Veterinary Clinic

Surgery Requirements

At the Goddard Veterinary Clinic your pet's health is our top priority. In order to ensure the safety of your animal as well as the other animals in our facility, **all pets must be current on required vaccinations**. If your pet is due for vaccinations please call our office at 316-794-8022 and speak with one of our client care representatives for more information.

- **Canine:** Required vaccinations include: DA2PP, Rabies and Bordetella (kennel cough).
- **Feline:** Required vaccinations include: FVRCP and Rabies.
- Pets should not be fed after 10 P.M. the night before surgery, however they can have water.

Surgery Check-In

- Surgery patients should arrive for check-in between 7:30-8:00 A.M. on your pet's scheduled surgery date.
- Pets can be dropped off the night before surgery, before 5:30 P.M., at no additional charge.
- At check-in, one of our client care representatives will go over a detailed surgery consent form.

Surgery Check-Out

- While some procedures are performed on an outpatient basis, others will require an overnight stay. Your pick-up time will be discussed during the surgery check-in process.
- During check-out, we will go over surgery aftercare instructions and a copy of aftercare instructions will go home with your pet. Any medication that has been prescribed will be discussed in detail with one of our staff members.
